LOUISVILLE, KY., Nov. 29, -The leading teatures of the market this week was a more active demand and higher prices for all grades and kinds of sound to baccos, excepting very low and unmer

was a more active demand and higher prices for all grades and kinds of sound to-baccos, excepting very low and unmerchantable old trash, with weather too cold for handling in the country.

Burley.—In quantity, the offerings were much less than last week, while the quality was generally better. All sweet conditioned fillers, from the lowest to the best, met with an active demand at higher prices than the last week or two. Trash and common fillers were fully 1/20, higher; medium, as well as the better grades, while unchanged, ran nearer outside figures throughout, with 271/20, paid for the best colory to bright leaf. Red smokers and strong, while colory to bright leaf. Red smokers and strong, while colory to bright trash smokers showed more advance than anything in the market, consequently 1 advance them 1/20, to le, over last week. Common sold nearer outside figures, with bright cutting leaf very scarce and full up to outside quotations when met with. My quotations are for sweet burleys. The season for packing the new crop being too cold our offerings were only 49 hogsheads, as against 62 hast week and 219 hogsheads this week last year. The prices of 1890 burley this week were generally higher, and, judging by the quality and character of the crofoffered, prices are considerably higher than at this time last year, with indications of less desirable filler quality than the 1889 crop. Later receipts may change for the better, while all received so far have been devoid of color and more fillery than cutting in character. For the last year or two we had generally in the carliest receipts lugs showing fair to fine color. So far this season scarcely a hogshead of such has been seen, and the general impression appears to be, as already expressed, that the 1890 crop will show less color than for years past Judging by the prices paid this week, it evident leading manufacturers are ready to be a such as a large of the best offered. It a number of my reports of last week lish week being paid for the best offered. It a numb

Lyschburg, Va.

Lynchburg, Va.

Lynchburg, Va., Nov. 29.—We had another week of heavy receipts, which reached 732,200 pounds, against 893,800 pounds last week. The total since October 1, 1800, amounts to 2,507,600 pounds, against 2,381,300 pounds during the same period last season. The market continued active and strong for all grades offering, and especially the more desirable heavy-bodied dark grades were in eager demand at outside prices. Bright tobaccos were in comparatively small supply and sold at former full figures.

Oh. What a Cough.

Don't Fall to Take

For horse-colic Simmons Liver Regulators known to be the best remedy.

We Challenge any man, woman, or child who is affected with Constipation, Dyspepsia, Headache, or Torpid Liver to prove that a few doses of Simmons' Liver Regulator will not relieve them. It never fails, and is so pure, so sure, so harmless that an infant can take it and never have a second spell of colic. An adult can take it, keep the bowels regular, and secure health.

are not left. Take a few shares of Fredericksburg Development Company's stock.

A Case of Bright's Disease Cured by Chase City Lithia Water. TESTIMONIALS. MINERAL HOTEL, CHASE CITY, VA.,

June 18, 1890.

Messrs. Hardy & Roller,
Proprietors Chase City Lithia Water,
Chase City, Va.
Gentlemen.—On my arrival here from my home. Bloomfild, Ky., the 11th of this month, 1 met my neighbor, Mr. John D. Wakefield, of Spencer county, Ky. Mr. Wakefield has, to my own personal knowledge, been in very bad health for seven or eight years, and during that time treated by some of the most eminent physicians of by some of the most eminent physicians of Kentucky. His nervous system was affect ed, complicated with Bright's disease of the kidneys, and it appeared at one time that he would lose one of his kidneys entirely he would lose one of his kidneys catirely. He was as near death as a man possibly could be. He tried some of the celebrated mineral waters of this country and obtained only temporary relief.

He visited this place and has been using the Chase City Lithia Water since 24th of April, 1890, and, so far as I can now discover, he has complete relief. His complexion healthy, action improved, appetite restored, rest tranquil, and spirits revived.

I fully concur in the above statement of Dr. Hughes, and I am so much assured of the areat benefits derived from the use of the Chase City Lithia Water in effecting a CURE, hitherto de-paired of, that I have determined to bring my family here from my home in Kentucky to reside for some time. I attribute my restoration to health solely to the use of this water. the use of this water.

JOHN D. WAKEFIELD,

Wakefield, Ky.

Hallroad fare refunced to all purchasers of Lots. For further information apply to QUARLES& McCURDY, Richmond, Va.

THE NORTHWESTERN

THOMAS BRANCH & CO., Mutual Life Insurance Co.,

MILWAUKEE, WIS.,

Closes the PHIRTY-SPUOND YEAR of its existence on the 25th instant with nearly ONE HUNDIRED (HOUSAND POLICIES in force, and assets exceeding FORTY MILLIONS of dollars.

The progress of the Company is best shown by the following comparisons:

January 1, 1880. January 1, 1890. Number of policies in force..... Ass to

Series ing its risks solely from the Northern and Central portions of the United States, its average desticate for the last ten years January I. 1880, to January I, 1880, inclusive, was considerably lower than that of any of its principal competitors; and this, conditined with its judicious management and the higher rate of interest canned upon its investments has enabled it for the last fitteen years to pay very much larger dividends han any other company, and thus leaves the cost of tourance. Hundreds of policy-holders in this State will confirm the correctness of this satement.

The NORTHWEST RN is a rURELLY MUTUAL Company, all of its profits being distributed equitably among its policy-holders. It confues its operations solely to the United States, and transacts an amount of new bus ness annually more than double that of any purely American company. It issues all destrable forms of policy and furnishes at any time after three years a record or results on Toutine policies which is not done by other companies usuing Toutine, Semi-Toutine, Free Toutiness Distribution policies

Actate the liberty or referring to Mon, Hearry K. Hysin, its resident trustee, who is quite family it with the condition of the Company, and to the following testimonial from a well-known paper manufacturer:

SAUGERTIES, N. Y., April 30th, 1890.

S. D. Stoc+ton. General Agent. Northwestern Mulual Life Inc. Co. DEARSI: In reply to your inquiry I would say, that in 1869 I took my first \$5,000 policy and I after and increased my insurance from time to time until I now have \$1.00,00 on my left; \$20,00 of this I took in the Northwestern in 1882, which was all your Company would issue on one life at that time. The cash dividends have increased each year and have averaged over 30 per cast, of the premiums.

Having compared essits on my insurance in the other companies with policies of the same date, are, kind and amount in the Northwestern, I find that the lividends oaks by the Northwestern are larger than those of any other company in which I am insured.

Very truly yours.

JOHN B. CARY & SON
